"Alcohol" labeled dispensers are available in plastic and amber glass spout top or plastic and amber dish top.

High Density Polyethylene automatic fluid dispensers seal contents in their bottle until used, increasing safety and comfort for user. These high grade bottles prevent spills, dripping, and escaping fumes. The liquid in bottle will stay clean until used and fluid pumped into the dish will not drip back into the bottle, thus preventing contamination. Hinged lid protects dish when not in use.

101 Questions and Answers on Permanent Makeup for the Technician

This book is an invaluable reference tool for all Permanent Makeup Artists in helping to perfect their skills. The author Debbie McClellan has been doing Permanent Makeup for more than 13 years with over 10,000 successful procedures performed. Some of the subjects discussed in the book are: implanting techniques you can use with almost any machine, information on "Society of Permanent Cosmetic Professionals," a table setup, what to do if procedures are coming out too light or too dark, best colors and procedures for the Brows, Lips & Eyes, special measuring techniques for brows with diagram, and also what the most popular colors are for each procedure and how to mix them.

Written by Debbie McClellan. Copyright 1998. 97 pages.

Pibbsy-Sept Sanitizer

PB8 \$260.00

This sanitizer gives you the edge in U.V. sterilization. The Pibbsy-Sept sanitizer is useful in providing ultra-violet light where a germicidal effect is desired. It features a protective cover that shields the human eye from the U.V. light and an automatic On/Off switch that shuts the unit off when the cover is open.

Hot Towel Sanitizer

PB7 \$495.00

One way to pamper your patrons is with a modern day application of an old procedure— a soothing, skin cleansing hot towel. This elegant, modern hot towel sanitizer is perfect for today's salons, for it is small in size but large in capacity. It holds up to 40 towel cloths depending on towel size (contains two shelves). It is light weight, portable, and can be plugged into any standard electrical outlet. The Pibbs sanitizer heats towels with super heated steam (has two temperature settings) and sanitizes them with an ultra-violet lamp.
